

INSTRUCTIONS FOR LOADING THE TOUR ONTO YOUR IPOD VIDEO:

BEFORE YOU START, MAKE SURE YOUR IPOD IS DISCONNECTED FROM YOUR COMPUTER.

1. Extract the .zip file you downloaded.
In Windows, right click on the .zip and select “Extract All” (Fig. 1).
On a Mac, double-click on the file.
2. Open iTunes.
4. Add a playlist in iTunes by selecting File > New Playlist (Fig. 2) and titling the playlist “Aquarium.”
5. Drag the folder with the video files onto your new playlist in iTunes (Fig. 3)

PLUG IN YOUR IPOD.

6. If your iPod automatically syncs, iTunes will sync the new tracks onto your iPod.
 - **NOTE:** If your iPod does NOT automatically sync, you will need to manually drag the “Aquarium” playlist onto your iPod icon in iTunes. (Fig. 4)
7. Eject your iPod by pressing the eject button at the bottom right corner of iTunes, and disconnect it from your computer.
8. Turn on your iPod.

****IMPORTANT: It is very important that your iPod is NOT in shuffle mode while you play this tour.**

To turn shuffle mode off:

- Hit the “Menu” button a few times to ensure you are at the main menu.
 - Go to “Settings”
 - Highlight “Shuffle” and click on it until you see “Off” next to it.
 - Hit “Menu” twice to get back to the main menu.
9. From your iPod’s main menu:
 - Select “Videos”
 - Select “Video Playlists”
 - Select “Aquarium” and hit play.
