

PENGUIN BINGO

One of the best ways to get to know an animal is to observe its behavior. Find out what the penguins are doing and how they communicate with one another.

Which of these behaviors can you spot?

For each one, fill in the dot. If you get three in a row, you win!

<p><input type="radio"/> SLENDER WALK (used to peacefully pass neighbors)</p>  <p><i>"Just passing through."</i></p>	<p><input type="radio"/> ECSTATIC DISPLAY (used in attracting mates)</p>  <p><i>"Look at me! Look at me!"</i></p>	<p><input type="radio"/> PREENING (grooming feathers)</p>  <p><i>"Proper grooming is so important."</i></p>
<p><input type="radio"/> POINTING (showing another penguin is too close)</p>  <p><i>"Back off, this is my space."</i></p>	<p><input type="radio"/> BOWING (used in pair bonding)</p>  <p><i>"I really like you."</i></p>	<p><input type="radio"/> POOPING (They do eat a lot!)</p>  <p><i>"That's a relief."</i></p>
<p><input type="radio"/> LIFTING WINGS (allows air to flow to keep cool)</p>  <p><i>"What a nice breeze."</i></p>	<p><input type="radio"/> SALT SHAKE (rids body of excess salt)</p>  <p><i>"That extra salt has got to go!"</i></p>	<p><input type="radio"/> SIDWAYS STARE (a mild threat)</p>  <p><i>"You're getting too close to me."</i></p>
