

Aquarium Animal Challenge

Pick an ocean animal and complete one or more of the following items.

Write down some **questions** you have about the animal.

Do something to **learn** more about it.

Research: Read a book • Watch a video • Explore a website

Draw it and label its body parts.

Create a model of this animal.

Will the model be to scale? Will the model be life-size?

Move your body like the animal.

Build a habitat for this animal.

Challenge family and friends to do this too!

Take pictures **share** with us!
